

# WHEN AND WHY YOU SHOULD CONTACT A FORENSIC METEOROLOGIST

## EARLY IN THE PROCESS, OR LATER? EITHER!

Before depositions

What role did the weather played in the case?  
What questions should you ask witnesses at a deposition?

After depositions

Determine if witness statements related to weather are substantiated  
Finalize report incorporating witness recollections of weather conditions

## WHAT TYPE OF WEATHER PHENOMENON?

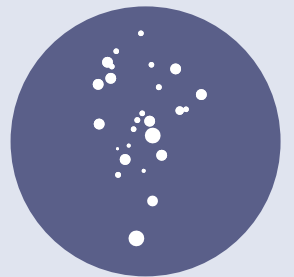

Lightning

Winds and downbursts

Snow

Ice

Tornadoes

Extreme hot or cold temperatures

Hurricanes

Fog

Heavy rain and flooding

Hail

When the weather is a factor in your case, you can rely on Shade Tree Meteorology to provide quality, scientifically sound analysis and clearly communicated results.
